

The Fast and the Goal.

2016 – PRAYER AND FASTING CRUSADE
CHRISTIAN MISSIONARY FELLOWSHIP INTERNATIONAL - KOUME / BERTOUA

There is the proverb that says that Good news strengthens the man's spirit.
Prov 15:30

*30 A cheerful look brings joy to the heart,
and good news gives health to the bones.
NIV*

If you have good news, come and thank God to strengthen those who are fasting.

The other night, I told sister Emilia that I regret not coming early enough to testify how the prophetic words are being accomplished in my life. In our send-off message, one of the things that God told us, he told us towards the last part of the message, that in the past, we have proved that He has been faithful to us in meeting all our needs, but he told us, that in the future, there will be great confirmations. The Lord said: the future will be greater confirmation of My faithfulness. Then He said: not only of my faithfulness, but of my abundance, of my abundance, He kept saying abundance until the prophecy finished, then he said: I give myself to you as the guarantor for all your needs. It is during this fast that the word guarantor means something to me. I never now that the Lord had a personal pledge towards us. I knew that God was our Father, but there are very few people to whom God makes a personal covenant, then I understood many things. Let me take an incident, I travelled from Lagos to Yola, the plane arrived Yola very late, so I told my neighbour that I don't know the park to Jalingo, he told me I should not worry. When we got there, it was already past ten, he told me come with me home, I can drop you very early; I told him No, I say people are waiting for me at a certain spot, if I got with you that will wait for me all night, I can do that to them, so I asked one of the driver if I could charter his starlet, My neighbour in the plane paid for me.

God's commitment to provide.

I have had God's commitment to my money, so that it should not be wasted.

I am sharing it so that you may know that there is something more than struggling to look for money. Even what you have, God can be committed to that.

All the leaders of the churches I have planted took a decision, that they don't want their churches to be carrying the vision, that they want to be local churches, they came and told brother Zach, that Brother Zach should know that they have intelligently decided not to support me, they don't want to give me their money, so if brother Zach loves his son, he should take him back. So I went to Jos, in Jos, a young man just came out of university, came to visit Paul and Paul brought him to introduce. In 30 minutes, I thought him DDEWG, he went and meditated and he was so touched to have a personal relationship with God. From that month, for eight years, he never saw me again, we have never greeted again, but he has sent me Galatians 6:6 for eight years. So, when my own people will not give me the Galatians 6:6, there is something called the divine commitment, you don't manipulate it.

Brethren you have never heard me pray about money, it is deliberate, for many reasons,
:

I don't want any of my lover to indirectly hear my needs, and then I will put pressure on their hearts. It is absorbing the shocks and the heaviness of leadership. And I have warned my wife not to pray for any of our needs.

The commitment that God place on the believers to love him is for him to build them, leaders must be careful and leaders must love their people. And a leader must be committed that God should not give him anything that does not come from God and love, it must be deliberate; but God has been the guarantor as He said. God has been our guarantor as He said. I thank God for that. That is one of the things. It has been a long confirmation.

It is to say that: believe what God has said to you. And if you have a blessing of having a prophetic word, believe it. It is not everybody in this work who shall ever heard a prophecy, you have a chance to have heard a prophecy, all the words of God are creative, whatever God has said exists. already It is not going to exist, it exists. Take it by prayer. You must believe it and take it by prayer and look for it by hard work. It is heard work that look for what prophecy has promised and what prayer has taken.

The other day when I was bathing, I was thinking of Mrs Akamba testimony of fasting as if there is food in her mouth. Then suddenly the Holy Spirit told me that: fasting is eating. He told me in fasting, you have decided to eat a goal, fasting is to have something. *Le jeune c'est manger ton but, c'est ramener ton but en toi, c'est manger. Il m'a dit, les gens qi jeunent sans manger un but sont ceux qui sont vraiment affamé. Ton jeûne c'est manger, s'approprier d'un but. C'est l'équivalent de manger. Alors j'ai décidé qu'il faut que je me serve de mon jeune pour manger l'océan atlantique.*

On ne planifie jamais par rapport à ses capacités ou à son parcours, mais on planifie par rapport aux besoins du ministère.

For many of us, the ministry is leaving us behind.
