Let us thank the Lord for 1063 rooms of prayer in the Work
 In phase 3, we must have at least 1000 chains and 10.000 rooms of prayer
 1000 chains are prayer rooms covered 24h/7days.

- Let's thank God for all the churches in our ministry that have a weekly regular prayer meeting.

The prayer meeting of the church is our first prayer responsibility, it is our first ministry of prayer. If we don't get every church we have planted to have a weekly prayer meeting, then we have not planted churches. A church prays.

Everybody stand up and proclaim: **"God has planted prayer in CMFI"**

- Pray that every church in CMFI will have a regular weekly prayer meeting.

If anyone is in Headquarters, and does not attend at least one prayer night per week, he is a sinner, a son of satan and Belial. We don't want sons of Belial in Headquarters; a son of Belial is a son of satan. And many of those who are very busy in Yaoundé don't pray. Mother Theresa says: compassion without contemplating the cross is not possible, she says it is the contemplation of the cross that keeps the heart from becoming harden when you meet the

ingratitude heart. She says the ingratitude of man is so terrible that your compassion will dry, and she said in order to maintain her compassion, she sits quiet in her private chapel to contemplate what Jesus did on the cross for six hours every day. She says she needs it, because you go and pick people from the gutter, and some say "you left Europe for India to come and become famous because of the condition of our nation. The human heart is desperately sick. And then, some of the other will say: "you are doing these things to try and convert some of our people to believe that Christianity is better than Hinduism. It is a devotional life that maintains the love of God in the heart, and the power to forgive. It is a deep devotional life that prevents any form of service to become routine. Prayer without a devotional life, after some time you will not know what you are doing of your life, and it is the same thing with every department of the ministry. It is only when people have messed up and have gone that they begin to realise what they have lost. People joke with God's service until He removes them. When they are there, they behave badly, they believe that their family will welcome them when they backslide. Try and backslide, you will see how they will treat you. If they cook for you, it is because of Jesus. If they are embracing you, it is because you are called ambassador, they are trying to say that: if Jesus was here, this is how I would embrace him. If it penetrates your head, you will soon die. A devotional life cannot be compromised. In every form of Christian service. You cannot become so professional, even the talent that God gave you in the world, you are not using it; you did not love the Lord your God with all your mind, all this stammering, lack of grammar, lack of syntax, it is those who don't love Jesus enough to give him the best they have. A bunch of carpentry broken chairs who want Jesus to sit on them. We are already good enough, then to give less than what we are is an insult. I tried to help some people, at least, some of the people I have tried for long don't want to change, their job has conditioned them in an anachronism. You see them today like that but they are past tense. You look at some beautiful happy believer but you don't know that as you look at him like that, he is past tense, she is not growing, his job does not make him grow, especially those who are praying in the praying centre. The habit of repetition without thinking produces Muslims and fanatics.

Grow, grown, grow. Next year I am going to think of something to make Margaret grow. People grow. Colette grow, you are not growing.

Everybody in Headquarters must attend the prayer meeting.

Make sure that everybody in your home, that your children attend meeting. It was in a pastor's house that Hophni and Phineas, they even started toasting girls in the church.

- Pray that all of us here in Headquarters will attend the prayer meeting
- Pray that all of us here in Headquarters will grow
- Pray that all of us here in Headquarters will read
- Pray that all of us here in Headquarters will improve
