

CONSOLIDATION-5.

THEODORE ANDOSEH

*CHRISTIAN MISSIONARY FELLOWSHIP INTERNATIONAL
THE LEADER'S OFFICE*

We will come to break the fast at 4pm.

- Five people thank the Lord that at 4pm we are coming to break.

It's been a long journey, but a very good journey, just thanking God, thanking God, thanking God, praising God.

LAUNCHING PHASE 3

We were to review what it will take to launch phase 3. I will not be able to give you the background because of time, but I will give you some references for those who are Bible students. When God appeared to Moses and commissioned him to liberate the Israelites from Egypt, he told him that the first part of the work will finish when he will succeed to bring the people to mount Sinai to worship God, so, the success of that mission was the sign that God gave him, He told Moses: "this will be the sign, when you brought out the nation, you shall worship me on this mountain". This is the sign that I am with you, you will succeed in what I am asking you to do, and that is the sign that God has sent anyone.

Ex 3:12

12 And God said, "I will be with you. And this will be the sign to you that it is I who have sent you: When you have brought the people out of Egypt, you will worship God on this mountain."

NIV

Success is the sign that God sent you. If you claim that God called you, make sure you succeed, if not, you are taking the Name of God in vain, God sends nobody to fail. Either you lied that God called you, or, you failed God. God sends nobody to try, God send nobody to fail. If God called you. Never say that God called you and then fail, because you are a barer of false testimony. "This will be the sign that I called you, you will succeed in the mission", that is the sign. It goes even deeper than that. The Bible says that: "God was with Joseph and all he did succeeded", it is not even whether God sends you, it is whether God is with you.

Many people think that the ministry is to provide conditions for service, you are on trial, your failure tell us that God is not with you. By their fruits, you shall know them. Don't fail, because you are proclaiming a testimony that God

forsake you and that you are living in sin. All the excuses that you are bringing, it is not for those who know spiritual meaning for those who know spiritual meaning, you shall know them by their fruits; you shall not know them by their claims, you shall not know them by their roots, all those hiding things, how God spoke to you in your DDEWG, the Bible did not say that we shall know you by your roots, but by your fruits, if things don't work in your hands, please, go for spiritual exams. I am not guessing, something is wrong with you, either you have taken God's name in vain, or you are not in the centre of God's will, or you are living in sin, or you are fundamentally disloyal to a person. God never allow a disloyal person proper in the life of the person to whom he is disloyal. Jesus served God on earth with two disciplines, in his qualifications: he was the son of God. In his place in God's purposes he was the son of David, the Son of man. If you fail in your service, either the son of God's part is not working and you are disconnected from God, or the son of man's part is not working: you are disloyal. Please take me seriously. Either the son of God's part is not working, that is your relationship with God, or the son of man's part is not working, God knows that you are not part of it, in spite of all your claims, God knows why you are there and he knows that you are not inside, the son of man's part is not working those are the two trends that merge in the service for God: son of God in qualification, son of man in appointment. You may not know yourself. I have related to a number of brethren and I know that many brethren, even when they are quiet, they don't know themselves, they don't know, they don't even know that they don't love the brother Zach they have been with, God knows. That is why brother Zach's things could not work in their hands. Live under that discipline. The Bible says: judge yourself, don't you know yourself? Anyway, I hope that every one of you know that we belong to God. You may not know who you are, but we know that we belong to God, so, judge yourself. When the person will not be there for you to impress him, it matters for God to know that the person's things matter for you. Please make sure that at least, when the person is not there, when it is only your heart and God, that God knows who you are, it does not start with an office, it starts long ago.

Once, I was very desperate, brother Zach was to come from Cameroon and there was traffic. So, I wanted to come down and take a bike so that it can go between the vehicles, I was just afraid for him to land when he is not there. Suddenly the Lord told me, "son be in place, the place will be late". I got to the airport and it was 15 minutes before he landed. " does od sees that you are desperate to please so that He can even help you to be calm? God knows you, you may not know yourself. David was loyal to King Saul and everything that King Saul send him to do, he had outstanding success. There is a great power in

loyal hearts, they succeed. Please, make sure you succeed. I shared this small experience so that you know that when you are dealing with me, all the excuses and lies you are telling mean nothing to me, I did not start my life as a leader; either the son of God's part is wrong, or the son of man's part is wrong. Who now understand? Please judge yourself.

Ex 19:1-2

In the third month after the Israelites left Egypt — on the very day — they came to the Desert of Sinai. 2 After they set out from Rephidim, they entered the Desert of Sinai, and Israel camped there in the desert in front of the mountain.

NIV

Stage one has finished.

They were now before the mountain as God has said. So, Moses goes not to the mountain to receive instruction about the next stage

Ex 19:10-11

Ex 19:9 - 11

The Lord said to Moses, "I am going to come to you in a dense cloud, so that the people will hear me speaking with you and will always put their trust in you." Then Moses told the Lord what the people had said.

10 And the Lord said to Moses, "Go to the people and consecrate them today and tomorrow. Have them wash their clothes 11 and be ready by the third day, because on that day the Lord will come down on Mount Sinai in the sight of all the people.

NIV

They have come to mount Sinai and Moses received new instructions, and od tells Moss why he wants to give him new instructions tells him: I am going to come and give you new instructions for you to connect to lead this people, something that your leader did not have till now. Gather all the people, I am going to appear to them visibly, not to talk to them, but to talk to you, so that they may know who you are to me, and so that when you lead, they may follow. I am coming to give you my authority. He had been called by God, but this was a beginning of a new phase, and Moses had to go through a change.

In the launching of a new phase, there is always a need for a new level of sanctification, a need for new instructions and the need to grow in leadership spiritually. What you have had so far is not enough, that is the difference with those who understand leadership as a position. Leadership is anointing, it is

not your position. A position is perpetual unless threaten, but leadership, according to God, you must grow, if not, even what God gave to you will outgrow you, you can become unable to lead what you started, because you have not grown, you are not the man to continue to lead. The people to whom you have been a benefactor. If you want to be a leader according to God, you must grow. Even Moses had to go through a capacitation with threatening appearances of God.

My goal is only to tell you that there are spiritual preparations in the launching of a new phase.

So, Moses carried them, the next phase was to take them eleven days. It was for eleven days that all these terrible preparations were to take place, but even with all those preparations they failed and spent 13 years, until we get to numbers 33. from numbers 33,34,35, God again comes to give new instructions for the entering in Canaan, detailed instructions. In numbers 33, the Bible says: "and the lord said to Moses, you are about to enter the land of Canaan, this is what it will take, so that you may succeed, tell them, you shall not compromise, so that you may have the power to possess the land. Till them, you shall obey my commands so that you may have authority to dispose of the nations that are greater than you". God told them clearly what they need in penetrating Canaan" He told them: "you will obey me, the command I gave you are the pathway for ascendancy to nations that are powerful than you, obey me and you will conquer", he told them clearly what to do in order to succeed. That was stage three; and they were to prepare, there were new directives.

That you started well does not say you will finish well, and many are lost in transit, that is the problem with many of the frustrated senior leaders. We have lost of job because we have not maintained the step with God. Many of us are looking for pity from God when we are object of divine judgement, for continuing in service without the knowledge of God.

The launching of a new makes big demands in the inner life and makes great demands on the community.

We cannot study it in details, but don't be left behind.

STEPS

1.	PREPARATION AND HOSTING OF THE CONVENTION OF CMFI
2.	LEADERSHIP RECOMMISSIONING
3.	LEADERSHIP ENLARGEMENT
4.	COMMUNITY MOBILISATION
5.	REORGANISATION OF THE WORK

PREPARATION AND HOSTING OF THE FOURTH CONVENTION OF CMFI

I started talking about preparation. When in September we meet with the ministry assistants next year, if we have the numbers that warrant, summoning the brethren for a world convention, then that meeting will be primarily a preparation meeting for the world convention. We will need to select an overall coordination, set a planning, open an account and set a date limit for finishing all preparations.

For a world convention, all preparations should be finished six months before, every preparation. Normally, the Lord told me, if you are serious about the convention, waiting till September next year will be too late. He told me the convention may take about 250 million, he said, one year to save 250 million is too short, and the many cut short that you people are taking to spoil the spirit of the ministry of brother Zach, I will not accept it. We hosted the first world convention in Lagos, we hosted the second world convention, we demanded no contribution from the delegates. Finances are not generated by contributions, we are co-workers, the churches should send us what they have, but I must open the account.

Papa Nico needs to wake up and realise the two years is too short to provide the lodging. Papa Nico, you need to wake up and realise that these workers cannot.... The houses must be built, WUPF must be finished, the hosting capacity here must be finished, the services and the security must be installed, I have to start working with brother Jean Claude, I need him to meet a number of ministers, we cannot bring in 10,000 international delegates with high level of security, a community that wants to bring about 10,000 people into the nation, we must finish all our legal work with territorial administration, with police, with national security, we must finish and we need brethren who can do it. Finances, planning, it is not one year to time that we will do it. I already mentioned what we will do in the convention: we will gather, present the accomplished goal to our Lord Jesus and receive his approval and his anointing.

to go ahead. That is a little superficial introduction to preparation and hosting of the 4th world convention of CMFI. That is an event that can take three years for preparation.

I am sharing these so that you realise that we have become comfortable with smallness, we use the world: conquer the world but we have not integrated the fact that we are global, and we are not thinking global terms. We are coming here in Koum and we are having that we are starting the headquarters of our ministry; you cannot have a world headquarters without taking it in, because we are very comfortable with our narrow habits, and many of us are above fifty, so we are crystallised in our prejudices, we no longer learn anything, we are outmoded. We are becoming flexible. I know it because even when I want people to grow, the way they look at me, they ask: what is wrong with me? It is world conquest, and if you take in the fact that it is world conquest, you will realise that we need many people and that you are not enough. Now we want to go to territorial administration, will you go for us? Will the secretary even open the door to you? Who will go? When we push people, push people, we are limiting what we can do. We need to contact the police, the gendarmerie, where are our commissioner, five stars, six stars, look at your nose, will you be the one to do it for us? We need the brethren, they can do what you cannot do.

For four years, I have been struggling to gather the team we need to succeed strategically.

LEADERSHIP RECOMMISSIONING

It is about the intellectual and spiritual preparation of the present crop of leaders in the ministry, it involves a certain number of things

- Re-Consecration
- The Isaiah purification - it was not sanctification by blood, it was sanctification by fire.
- A new Pentecost
- The acquisition of new spiritual gifts
- The paying of price to change the threshold of ministry and leadership that will be required

To move ahead, we must come to the sanctification by fire, the fire is the discipline and judgment of God on your mouth and on your life, God decides to take you seriously and judges you when you speak carelessly. He prunes you and many of the brethren have ended their service with God with they resist the disciplines of the Lord. They don't respond to discipline. When things

happen in life, the rationalise and they don't change, they are old trees that do no longer bend, many are like that. God disciplines can be wasted, lost and you remained small. Isaiah had a re-consecration that purified him he was still a prophet but he had an encounter with God that changed his prophetic girth. He became a historical prophet, an oracle prophet. It was a fruit of growth, costly obedience, daily DDEWG, he says: every morning I wake up to learn, I did not reject God's discipline, I allowed circumstances to teach me what god wanted to teach me, I did not resist discipline.

That is what I call leadership re-commissioning. I need to prepare the existing leaders the way I am also preparing, so that I don't move ahead alone. Some people may not even know how to move ahead, and since I need the brethren, I will need to help them, if they allow me to help them, but let me at least try. Like Paul I want to have a clear conscience, "I have told you all". Like the Lord Jesus, "I have told you all that the Father told me". Whether it will succeed I don't know, there is no guarantee that the people want you as a leader, whether they will obey. But at least I learnt from brother Zach how not to be rejected by God, by continuing growth. Spiritual leadership is not automatically maintained.

LEADERSHIP ENLARGEMENT

It is the recruitment of new leaders in view of the vision and the responsibilities that are incumbent. Even if the leaders there are very competent, if the numbers of leaders are small, the inheritance we will be able to handle will be reduced. You have no choice than to recruit more leaders. Solitaries are not servants of God, they are servants of the devil, they are the devils, the purposes of God are inclusive, the God head is corporative. Individualism is Islamic, you cannot be a Christian and believe in God the Father, God the Son and God the HS and not include others, your own god exclude others, you are in the image of Allah, not at the image of God, you are a Muslim, you just found yourself in the wrong religion. Whom have you included? Whom have you brought along? Into God's purposes? Or you are the one who believe: let him find the call of God in his life. That is not how God planned life, life is associative, we are creatures that live in community, humanity is inter-independent, you cannot give birth to yourself. Even if you practice masturbation, you can't have sex with yourself. True or false? Then snap out of that satanic individualism. If you don't include others, you have prophesied for yourself very narrow, if you want the vision to succeed, you will enlarge the team.

COMMUNITY MOBILISATION

It means redefining the nexus around which the community will evolve. For phase two, our entire community was mobilised around the Santa Cruz, it was the meeting point for the entire community, we must redefine community mobilisation for phase 3. It involves a number of factors that must be communicated and grasped and believed and embraced; if we don't have something that mobilises us around which we agreed, two cannot work together except they agree, we must find our community mobilisation in phase 3, if not, our ministry will become 10.000 denominations, everybody doing what he receives as a man of God where he is.

REORGANISATION OF THE WORK

The organisation of the work, structures must adjust to achievement objectives. In our ministry, with one million people in 100 nations, we must look at our organisation to be effective. Regionalisation and auxiliary operational bases, etc;

That is what will go into launching phase 3, make sure you are relevant, even mentally.
