BROTHER THEODORE ANDOSEH/BROTHER ARMAND AKAMBA

In the Christian life, there is no armor for the back. The Christian has only one option, to move ahead. If the going becomes very intense, he must just press on. The Bible says "resist the devil and he will flee from you". These are also things that indicate the fact that the ministry has outgrown the spiritual reserves. La croissance du ministère dépasse déjà l'apport spirituel.

But I found some strength from the Scriptures, the Bible says "that our heavenly Father know everything and that no one hair on our head can fall on the ground without His permission"

So brother did not die because satan is very strong, the believer cannot just be taken by demons and killed anyhow. The believer's life is in God's Hands. Things don't happen by accident. So while we pray for protection, while we press on, while we resist the devil, we must be at peace, because of the bigness and the strength of our Heavenly Father.

We must resist the devil, we must press on, we must have courage, but we must do so in perfect peace, because all the hairs of our head have been numbered by our Heavenly Father and none of them falls without His permission. The bible says: even the birds that are shot, none of them falls down without God authorizing. So the believer should no live under the fear of a big devil wanting to kill him, such a situation should not exist, God is not an idol.

- Thank the Lord for allowing this painful death of our Brother.
- Pray that God will strengthen Sister Ida, they lost their only daughter some years ago.
- Pray that the Lord will strengthen her and bring in a dimension that is supernatural
- Pray that the Lord will bless all of us with the wisdom on how to handle Brother's death and render to Sister Ida the ministry that she needs.
- Pray that the Lord will strengthen the brethren who are particularly close to the family so that they will press on without being demoralized by fear and insecurity.
- Pray and judge any attack of the enemy against anyone, especially through accidents.

- Thank the Lord for journey mercies and for bringing our brethren from Garoua
- Thank the Lord for the brethren from Sanaga Maritime
- Five brethren thank the Lord for the bills we paid today

From a worldly point of view, the way we are using money is not wise, according to the world, the project and organization are priority over people. In worldly organization, the money for the program and project can be enough even if there is no money for the workers, but in the Bible, it is the opposite, but in the Bible, people, workers must be priority. If we gather more than 30 sums, and decided to build Koume, very soon you will see a very massive Headquarters, if we can

afford to owe the workers their allowances, but that is not the Bible. So we pay allowances and if there is something left, we can then go on to projects and structures and thirdly, into programs.

What do I mean by programs?

Like the running of departments, money for the office, for mission trips, those are third priority.

I got trouble because in our ministry, the leaders don't follow the Bible. For most of the leaders, the programs are priority. If they have planned their trips, even if the workers are miserable, they will go on the trip. It is better for the leader not to travel, provided the worker has their allowances, that is how far God is different. God does not do his things the way men do their things. If you overthrow this order, God will stop providing.

In leadership, people count more than projects. People who are anxious for their greatness, they put their programs ahead; so the leader can be doing his big ministry, whatever the people are going through. It is not biblical.

James 5: 4

When you don't pay allowances, the complaints of the workers rise up as prayers against you.

Leviticus 19:13

Don't keep a man's salary till the next morning.

Deuteronomy 24: 14-15

Don't hold anybody's salary. You may end up looking in God's eyes like a sinner without knowing what has happen to you. That is why any missionary or worker for God cannot afford to do it. The God of heaven cannot hold back salary from a person who works. Our poverty is proportional to our unfaithfulness; You cannot be idle and God provides for you. That is why many believers want financial security with an organization, so that they may have a broken relationship with God, so that they may be idle and lazy. Only a religious organization can find money for you if you do not work, but if God is alive, that money will not help you, if you take the Name of the Lord God in vain.

If God has called you to be a leader, your primary call for leadership is to find for those who are serving the Lord their salary.

Matthew 24:45-51

A short cur for leaders to go to hell is to treat the co-workers with violence. If a leader treats co-workers with violence and treats himself with indulgence, he will go to hell, for being a poor leader.

On est dirigeant pour chercher l'allocation.

Who have seen now why the priority of the Bible is the worker? And leadership must care for the worker.

In the Bible, people before projects, before programs.

The leader is committed only to the worker's food, not to his bicycle or his car.

- Pray that those who are aspiring to leadership will know what it involved, because it is not what people think.
- Pray that aspirant to leadership in our ministry will learn from God and fear God.
- Pray that we will finish our financial year and finish with our obligations by the end of the fast, so that we will be able to take off for next year.

Luke 12: 42-46

- Pray that in leadership, God will impose on us the mind of Christ, not the mind of the world.

So you need to pray for us in the way we use the money that comes into the ministry. We can use money in such a way that we bring God's judgment, and at every level, whether at the level of the local church or at the level of the Work, we must pray for the leaders in the way they use money, we should walk with fear and trembling.

If I am planning a trip, Brother Moses ought to look at the finances and see whether it will be possible for us to be able to handle the allowances, and not allow my trip to put pressure on the allowances, it will help us.

- Pray that those who are serving the Lord in our ministry will confront the fact that God is their employer and that they will deal with God.

l'une des raisons pour lesquelles l'argent peut entrer difficilement dans le ministère est la paresse des Co-ouvriers. So if the co-workers are lazy, funds will be blocked. So when you are in koume, anyone who is not doing anything, go and see him and call him "enemy of our funds, enemy of our funds" by being lazy, he is blocking all of us, by being idle, he is closing the doors for heaven's provisions. The missionaries who are not working, who are not giving God what God employed them for, are the big problems of our ministry. Why should God provides year after year for people to do work they are not doing?

Dieu te donne l'argent ou les ressources pour accomplir premièrement ton appel.

- Pray that all the workers in our ministry will work very hard so that God will be free to give us all the money He wants to give us.
- Pray that every worker will work very hard in order to release the supplies of God into our ministry.

Praise the Lord!

The burden on my heart on this night was THE ANOINTING OF GOD ON OUR MINISTRY

A simple way to understand what I mean by God's anointing, is a supernatural ability that God pours upon us to enable us do things which are naturally very difficult;

I want us to ask God to pour His anointing on our ministry for nine things:

- O Lord, pour out upon our ministry the anointing
- To pray
- To fast
- To give sacrificially to the Gospel
- To bring sinners to deep repentance
- To bring men to radical conversion
- To win people of another culture, tribes and nationalities, that is the missionary gift
- To plan churches
- To make churches grow explosively and produce mega churches: that is the pastoral anointing.
- To make disciples

But, there is the anointing to:

- Suffer and die for Chris to advance the Gospel
- Believe God for the impossible
- Pay the price that God demands for breakthroughs;
- Raise co-workers for the Gospel
- Revive backsliding believers and churches
- Seek God and find God
- Obey the Word of God
- Lead, to lead 10, hundred, thousands, hundreds and hundreds of millions
- Teach
- Preach
- Heal
- Deliver those who are bound
- Raise money
- Live for long
- Wait eagerly for the Lord return
- Work extremely hard
- See the future clearly
- To believe men
- To follow a man
- To establish and accomplish goals
